Digital
Detox

Avoiding
Burnout

Strategies for
Conflict Management

**LEARN MORE ABOUT
OUR WEBINARS >**

*This offer is only valid for eligible new students who enroll on or before 6/25/18 and are Members of National Associate for the Education of Young Children. This offer is not a guarantee that all candidates eligible for the offer will be granted acceptance or admission into Walden. All prospective students will be subject to the same standard admission and registration process when applying to Walden.

The tuition benefit offered to students under this offer is a 15% tuition reduction. The tuition benefit is applicable to tuition only and does not apply toward books, materials, and other supplies or fees needed for a course. This reduction will remain in effect for the duration of the student's continuous enrollment at Walden. All candidates who are current Walden students are eligible for the tuition benefit; however, no tuition reduction will be made retroactively. The tuition benefit cannot be used by a student in combination with any other tuition-reduction benefit other than the tuition grant specified below. The tuition benefit is not applicable for students enrolled in the Family Nurse Practitioner specialization in the Master of Science in Nursing (MSN) program.

The tuition grant is a grant of up to \$3,000 for bachelor's and master's programs and \$5,000 for doctoral programs. The tuition grant is awarded as a \$500 tuition-reduction award for each term until the entire tuition grant has been earned or the student is no longer eligible. The tuition grant is applicable to tuition only and does not apply toward books, materials, and other supplies or fees needed for a course. The tuition grant cannot be used by a student in combination with any other tuition-reduction benefit other than the tuition benefit specified above. The student must remain continuously enrolled in the program of their choice to receive the tuition grant. The tuition grant is a non-cash award, and in no event will the recipient receive a check or other disbursement of money pursuant to this tuition grant. The tuition grant may only be used for credit-bearing courses within the recipient's program. Non-credit courses are not permitted under the tuition grant. The tuition grant is not applicable for students enrolled in the Family Nurse Practitioner specialization in the Master of Science in Nursing (MSN) program, Tempo Learning programs, Master of Science in Education (MSEd) accelerated specializations and Self-Design, or ABD (PhD Completion).

Walden may change the tuition benefit or tuition grant offered hereunder at any time, but such change will not affect the tuition benefit, or tuition grant, for students who are currently enrolled at Walden and using the existing tuition benefit or tuition grant. All tuition reductions, grants, or scholarships are subject to specific eligibility requirements. Contact a Walden University enrollment advisor for details.

A Better *you* Is Here

Walden University faculty members are passionate about sharing their expertise to support your success. Join our Wellness Webinars to *explore, discover, and grow.*

Digital Detox

with Dr. Frederica Hendricks-Noble

If you've ever entered a room and witnessed every single person looking at his or her phone, you might feel ready for a digital detox. Setting boundaries around electronic communication is not just a good idea, it is also essential for productivity. Setting limits on time spent on social media can help improve both mood and motivation. Looking up from our cell phones is crucial to connecting with others, and this session will help you establish healthy parameters for a very modern workplace problem.

Avoiding Burnout

with Dr. Shana Garrett

The condition of burnout has emerged as a serious trend in today's workplace. Being stressed out has progressed from a general dissatisfaction with your daily activities to changes in your habits and attitudes that can impact your career. By examining the biological, psychological, and motivational factors that contribute to burnout, this presentation will offer strategies to reduce stress and replenish your personal resources.

Strategies for Conflict Management

with Dr. Barbara Bailey

Collaborative workplaces are productive and healthy. Join an experienced contract mediator for a critical conversation about the essential conflict management techniques and skills to improve communication. Conflict can be constructive if it is managed properly! In this session, find out how you can turn workplace turmoil into the foundation for organizational health.
