Spring Training Workshops 2018

The WESTCHESTER CHAPTER OF NYAEYC is pleased to present its
Spring Workshop Series 2018!

The Spring Workshops are a terrific opportunity for directors, staff, specialists and parents to continue their education in the early childhood field. These quality programs are designed to bring new concepts and techniques to staff, to enhance the classroom experience for the children we serve, and to provide everyone with training hours and networking opportunities. We invite you to share the workshops with the parents at your program. There are many that would appeal to them also!

Afternoon and Evening Workshops
Open to Directors, Teachers, Specialists, Staff and Parents

In an effort to go GREEN, we would like to email the Westchester Chapter of the NYAEYC (Association for the Education of Young Children) newsletter to all the centers in Westchester County instead of mailing them. If you know the email address for your center, please send it to lyndamerchant2@gmail.com. Thank you!

We hope this series of workshops will be helpful to you in your classrooms. It's always good to learn more to develop our skills, and it's great to meet colleagues from other programs.

Thank you to Sara Arnon, Mary Lou Sgro, Aimee Pryba and Sneh Modi for all their help.
